

Our Bridging Finance Team

We have developed a very strong relationship with InterBay Commercial, having advised a number of its clients over the last few years. We are also a panel firm for InterBay Commercial and interact closely with the other panel members to ensure matters progress smoothly and effortlessly.

With a key office in Southampton, we are well-located to make visits in person to InterBay Commercial and its other panel firms.

We have direct dial telephone and mobile numbers, email addresses, and are contactable 24/7. We guarantee a response within two working hours of receipt and have a fully dedicated team of 20 lawyers available to pick-up matters.

Experience

Because of our experience of being involved in commercial mortgage deals on behalf of InterBay Commercial's clients, we understand the process and the importance of timescales. We take a proactive approach to ensuring that deals complete efficiently.
