

At MSB, our Property Department is recognised as one of the leading teams in the North West, specialising in Secured Lending. Our seasoned property lawyers possess a deep understanding of the challenges and opportunities in today's property market, enabling us to provide tailored legal solutions for lenders, borrowers, and investors alike.

We frequently represent banks, bridging lenders, and financial institutions, offering expert advice on secured lending transactions and property financing. Our Dual Representation service allows us to act for both lenders and borrowers, streamlining the mortgage legal process and significantly reducing the time from offer to completion. This efficient approach not only accelerates transactions but can also result in cost savings through attractive combined legal fees.

At MSB, we prioritise clear communication and pragmatic advice, recognising that every property finance deal establishes a foundation for ongoing relationships between lenders and borrowers. Our dedicated team is committed to guiding Lenders and Borrowers through refinancing, capital raises, purchase funding, development finance and managing property portfolios, ensuring that each transaction is handled with the utmost professionalism and aligns with your long-term objectives.
